Name: David Petersen			Grading Quarter: 2	Week Beginning: 10/30/23	
School Year: 23-24			Subject: Graphic D	esign 2	
Monday	Notes:	Objective: Compo Lesson Overview: (select by not select Using shift and opt Talk about in PS a want to change) Walk them through Rect, Elipse the move tool Lasso tools (3 of th Quick Selection To What is image reso What is image qua	se an Event Poster using TIPS- Do work faster, use cting) tion to add and subtract fr nd how it is used (changin in the first 4 selection tools nem and how they work) bol and Magic Wand ? olution? lity? (REVIEW)	e shortcuts, make more money om selections ng pixels by selecting what you	Academic Standards: 6.1 Identify elements of design (e.g., line, shape, form, texture, pattern, color, value, space, and size) 7.1 Generate project ideas using stakeholder communication, research, brainstorming, thumbnails, roughs, mock-ups, and wireframes 7.2 Identify demographic components for a target audience (e.g., gender, age, income, education, socioeconomic, ethnicity, and location)

Notes:	Objective: Utilize layer text masks and clipping masks	Academic
		Standards:
	Lesson Overview: go over the text tool and also show them how to make a clipping mask Review what a layer mask is have them go into ps and find a beach, then find a animal. show how to do a layer mask, refine edge, brushes including the big brush so it looks like the bottom of the animal is faded into the beach and talk about soft edges Go over layer text mask get a picture type put the picture on top command click on the T click on layer mask Clipping Mask same as above, but control click on Text Layer and then go to clipping mask (advantage is you can move it around Then go to FX and let them play around Layers in Photoshop Review Opening Layers (look under window in menu) Adding a layer Unlocking a layer Deleting Layers (Drag to trash can in bottom corner) Eye (what is visible or not) Highlighted layer (what is currently active) Stacking order of layers (what is on topsame on picture) changing order (click and drag) opacity and fill color FX - Effects	
Notes:	Objective: Review layer Masks and Select and Mask	Academic Standards:
	Lesson Overview: Take the picture of Gollum from the internet and Hayden from pictures layer them in PS and then talk about using the brush to make the edges not as harsh talk about using select and Mask to refine the edges to make it better (possible feather or make subtract from the edge) blending two photos together	
	Notes:	Notes: Objective: Utilize layer text masks and clipping masks Lesson Overview: go over the text tool and also show them how to make a clipping mask Review what a layer mask is have them go into ps and find a beach, then find a animal. show how to do a layer mask, refine edge, brushes including the big brush so it looks like the bottom of the animal is faded into the beach and talk about soft edges Go over layer text mask get a picture type put the picture on top command click on the T click on layer mask Clipping Mask same as above, but control click on Text Layer and then go to clipping mask (advantage is you can move it around Then go to FX and let them play around Layers in Photoshop Review Opening Layers (look under window in menu) Adding a layer Renaming a layer Deleting Layers (Drag to trash can in bottom corner) Eye (what is visible or not) Highlighted layer (what is on topsame on picture) changing order (click and drag) opacity and fill color FX - Effects Votes:

	Notes:	Objective: Create an event poster and critque prior examples	Academic
			Standards:
		Lesson Overview: Go over the criteria for the event poster.	10 Use

			Prototype, and 6. Test.
	Notes:	Objective: Review Brush, History Brush, Clone, Eraser tools	Academic Standards:
Friday		Lesson Overview: Crop Tool -Crops picture to a smaller area (click and drag to crop and hit enter) Eyedropper Tool- used to select certain colors in an image to make it your active color (click on area to pick up color) Spot Healing Brush- used to take out unwanted areas and combine it with its surrounding (click and paint over area then let go) Brushtool- Much like in AI, used to make strokes and placing symbols etc. (select size and type of brush from brush menu- ALT with pick up a selected color) Clone Stamp Tool- Used to pick up an image to copy it somewhere else (find image and use your ALT key to target the area to copy) Eraser- Erases completely (you can change the size in the control panel) Background Eraser Tool- Picks up the center and erases that color range (Adjust the target using the control panel to target what you want erased) Magic Eraser- Works the same as the magic wand and erases the color selection that is selected
