

Michael Granillo		3 rd Quarter	Week Beginning: January 15
School Year: 2023-24		Subject: Algebra 2	
Monday	Notes:	Objective: Lesson Overview: No School	Academic Standards:
Tuesday	Notes: We are starting on Chapter 2 and will go back and hit Chapter 1 afterward	Objective: Students will solve linear equations in one variable and apply them to real life problems. Lesson Overview: 2.1 - Solve linear equations	Academic Standards A.CED.1 A.CED.2
Wednesday	Notes:	Objective: Students will learn how to solve inequalities in one variable. Lesson Overview: 2.1 - We will build on what we learned yesterday by looking at how to solve linear inequalities and graph them.	Academic Standards: A.CED.1 A.CED.2
Thursday	Notes:	Objective: Students will learn how to solve and graph absolute value equations Lesson Overview: 2.2 - We will define absolute value and see how it applies on the number line, and then solve those equations.	Academic Standards: A.CED.1 A.CED.3
Friday	Notes:	Objective: Students will apply solving techniques to absolute value inequalities. Lesson Overview: 2.2 - We will apply what we learned about graphing to solve a system.	Academic Standards: A.CED.1 A.CED.3
