

Name: Grace & Tucker		Grading Quarter: 2 <sup>nd</sup>	Week Beginning: 11/11/24 - 11/15/24
School Year: 2024 - 2025		Subject: 4 <sup>th</sup> Grade Math Week 15	
Mon	Notes:	<b>Objective:</b>  <b>Lesson Overview:</b> No School – Professional Development	Academic Stds:
Tues	Notes: 840-910 Vet Day sing a long (3-4)	<b>Objective:</b> I can demonstrate understanding of division by finding whole-number quotients and remainders with up to four-digit dividends and one-digit divisors using strategies based on place value and the properties of operations. Illustrate and explain the calculation by using equations, rectangular arrays, and/or area models.  <b>Lesson Overview:</b> <ol style="list-style-type: none"> <li>Math Facts timed test – 5 mins</li> <li>L7.4: Dividing with Partial quotients – Day 2</li> <li>TSW: Prac Pg 69-70 odds</li> </ol>	Academic Stds: 4.NBT.B.6
Weds	Notes:	<b>Objective:</b> I can demonstrate understanding of division by finding whole-number quotients and remainders with up to four-digit dividends and one-digit divisors using strategies based on place value and the properties of operations. Illustrate and explain the calculation by using equations, rectangular arrays, and/or area models.  <b>Lesson Overview:</b> <ol style="list-style-type: none"> <li>L7.5: Divide 4-digit dividend by 1-digit divisors</li> <li>Guided practice questions</li> <li>Addition/Subtraction Fluency Quiz 2 (Walk 2 learn)</li> </ol>	Academic Stds: 4.NBT.B.6
Thurs	Notes: LERTS training 230	<b>Objective:</b> I can demonstrate understanding of division by finding whole-number quotients and remainders with up to four-digit dividends and one-digit divisors using strategies based on place value and the properties of operations. Illustrate and explain the calculation by using equations, rectangular arrays, and/or area models.  <b>Lesson Overview:</b> <ol style="list-style-type: none"> <li>L7.6/7 Understanding Remainders &amp; Interpreting remainders – Day 1</li> <li>Guided practice questions from Text</li> </ol>	Academic Stds: 4.NBT.B.6
Fri	Notes:	<b>Objective:</b> I can demonstrate understanding of division by finding whole-number quotients and remainders with up to four-digit dividends and one-digit divisors using strategies based on place value and the properties of operations. Illustrate and explain the calculation by using equations, rectangular arrays, and/or area models.  <b>Lesson Overview:</b> <ol style="list-style-type: none"> <li>L7.6/7 Understanding Remainders &amp; Interpreting remainders – Day 2</li> <li>TSW: do indep work</li> </ol>	Academic Stds: 4.NBT.B.6
