

Name: Kristoffer Van Atten		Grading Quarter: Q3	Week Beginning: 1/15/2024
School Year: 23-24		Subject: Biology	
Monday	Notes:	Objective: No School	Academic Standards:
Tuesday	Notes:	Objective: McGraw-Hill Inspire Biology Module 1, Lesson2 SWBAT understand the nature of science and scientific inquiry. Lesson Overview: Students will take notes on the lesson and create interactive elements for the module.	Academic Standards: ETS1.A
Wednesday	Notes:	Objective: McGraw-Hill Inspire Biology Module 1 Test SWBAT complete an assessment from the McGraw-Hill platform. McGraw-Hill Inspire Biology Module 2, Lesson 1: SWBAT understand and describe the flow of matter and energy through different organizational levels of living systems, discover significant ecological discoveries, differentiate between abiotic and abiotic factors, explore the various levels of ecological organization. Lesson Overview: For students to have an idea of how assessments are handled in class, we go through the first assessment together. Students will take notes on the lesson and create interactive elements for the module.	Academic Standards: LS1.A ETS1.A LS1.C
Thursday	Notes:	Objective: McGraw-Hill Inspire Biology Module 2, Lesson 1: SWBAT understand and describe the flow of matter and energy through different organizational levels of living systems, discover significant ecological discoveries, differentiate between abiotic and abiotic factors, explore the various levels of ecological organization. Lesson Overview: Students will take notes on the lesson and create interactive elements for the module.	Academic Standards: LS1.C, LS2.B, PS3.D
Friday	Notes:	Objective: McGraw-Hill Inspire Biology Module 2, Lesson 2: SWBAT understand and describe the flow of matter and energy through different organizational levels of living systems, understand that the flow of matter and energy begins with solar energy being captured and stored through photosynthesis in autotrophs and only a small fraction of the matter and energy consumed at the lower level is transferred through each trophic level. Lesson Overview: Students will take notes on the lesson and create interactive elements for the module.	Academic Standards: LS1.C, LS2.B, PS3.D
