Name: Woods	Grading Quarter: 4	Week Beginning: 3/31/25
School Year: 24-25	Subject: Algebra 2	

	Notes:		
Monday	Notes:	Objective: Students will be able to graph rational functions. Lesson Overview: Notes – how to find vertical asymptotes, horizontal asymptotes, x-intercepts, and y-intercept.	Academic Standards: A.APR.7 Understand that rational expressions form a system analogous to the rational numbers, closed under addition, subtraction, multiplication, and division by a nonzero rational expression; add, subtract, multiply, and divide rational expressions.
Tuesday	Notes:	Objective: Students will be able to graph rational functions. Lesson Overview: Independent practice on Khan Academy	Academic Standards: A.APR.7 Understand that rational expressions form a system analogous to the rational numbers, closed under addition, subtraction, multiplication, and division by a nonzero rational expression; add, subtract, multiply, and divide rational expressions.
Wednesday	Notes:	Objective: Students will be able to prepare for the ACT. Lesson Overview: Students will take a 60-minute practice ACT math test.	Academic Standards: *All standards*
Thursday	Notes:	Objective: Students will be able to prepare for the ACT. Lesson Overview: Students will correct their practice ACT math test from the previous day and work on missed questions with a partner.	Academic Standards: *All standards*

Friday	Notes:	No school
